

## GOOD2GO @WORK

Our good2GO@work program is free to our community partners and empowers your employees to regain control of their financial health through three key areas.

### Coaching

Your employees can benefit from financial counseling with our Certified Credit Union Counselor (CCUFC) who will help them gain control of their financial future. Employees will have a trustworthy resource to turn to when they need to discuss a financial problem or goal.

### Education

Employees can discover how to tackle their debt, strengthen their savings, and keep their credit in top form with a quick lunch and learn.

### Access

Location and time are no longer a limitation for employees when it comes to opening an account, applying for a loan, or getting assistance. We'll deliver our top-notch financial services on-site at any of your locations. Still short on time? LSCU offers a range of digital banking options available 24/7.

**LONE STAR CREDIT UNION:  
A VALUE-ADDED  
EMPLOYEE BENEFIT AT  
NO COST TO YOU.**

*A lifelong financial partner for your most valuable asset: your employees.*

## Give your employees access to financial health and wellnes

Studies show that nearly one in three employees report that problems with personal finances result in distraction at work. Joining Lone Star Credit Union as a Community Partner unlocks access to financial counseling, educational presentations, and money-management products that are good for your employees.

What's different about credit unions? When you join a credit union, you become a Member and an owner. Credit Unions are not-for-profit and serve the Members, not shareholders, resulting in higher savings returns, lower loan rates, and lower, fewer fees.

If you have questions about Community Partner benefits, we're here to help! We'd love to treat you to coffee and have a conversation about Lone Star Credit Union.

**CONTACT US:** [lonestarcu.org/community](https://lonestarcu.org/community)
